

Golden Tara Prayers

Golden Tara is a manifestation of the enlightened mind of the Buddhas' protection for those traveling and all things and forms of transportation. At the beginning, when you enter the road to depart, remember and prostrate to all the Buddhas and Bodhisattvas who are in the ten directions, particularly those Buddhas and Bodhisattvas in the direction you are going.

Then make strong requests for the success of all your wishes.

Relying on Golden Buddha Tara will purify all obstacles to our physical movement and relocation.

To receive her blessings, recite her mantra 108 times three times a day.

Offerings made to Mother Tara can be those of clean cool water, fruit, plants, candles, of all colors, her offerings should be an array of all colors! Bright and cheerful! You may also place any other clean pure substance that you can afford or acquire honestly.

The most important thing is to offer sincere pure faith.

Create a clean, sacred space for a photo or other image of Mother Tara.

The space should be at the level of your heart when standing.

Place offerings in front.

Then follow the prayers below to Mother Tara
